

Specification

VANLUBE® 73 Lubricant Additive

February 9, 2018

AA-4

RTV Product Code: 52908

Composition: Antimony tris(dialkyldithiocarbamate) in oil

Physical State: Dark amber clear to hazy liquid

<u>Specification</u> <u>Test Method</u>

7.0 maximum ASTM D1500

*Color, ASTM 7.0 maximum ASTM D1500

6.5-7.2%

*Sulfur Content 10.0-12.5% EA-1

GENERAL INFORMATION

*Antimony Content

Typical values not routinely measured or reported on the Certificate of Analysis.

Density at 15.6°C 1.03 Mg/m³

Viscosity at 100°C 11 cSt

Solubility - Soluble in most petroleum products. Insoluble in water.

*Certified Property

Uses - Petroleum extreme pressure, anti-wear additive.
